SALESFORCE CERTIFIED — Platform Developer II
SALESFORCE CERTIFIED — Administrator
SALESFORCE CERTIFIED — Platform Developer I

Profile Summary

- Salesforce Developer with 1 Year 10 months of experience and 3x Certified.
- Good Knowledge in **Lightning Components, Apex Classes, Triggers, Workflows, Process Builder and Admin configuration.**
- Experience in working with out-of-the-box features like **Validation Rules, Workflows, Process Builder**.
- Experience working with **Data Loader, Workbench and salesforce.com Sandbox environments.**
- Experience in deploying the source code and configurations across the salesforce environments using **Change sets, Workbench.**
- Implementing best practices for application development, deployment.
- I enjoy working with others and enjoy helping them to focus on what really matters rather than getting bogged down in irrelevant details. I do have a talent for liaising between different team members and resolving any disputes which may arise.
